### CUT CARRIER'S SALARY.

If the recommendations of the fourth assistant postmaster general are recognized the salaries of a number of rural mail carriers in Kentucky will be reduced. It has been found that many mail carriers make their daily trips in less than a quarter to four hours. The salary of the carriers is based upon an eight hour day, and it is argued that the salaries should be equalized. In the United States there are 4,700 carriers and cover their routes in four hours or less, and of this number there are 28 in Kentucky. The carriers at Paducah and Mayfield are in the list, but the new order, if it ever becomes effective, will not reduce any salary in Fulton county.

### THE GREATEST HEALTH INSURANCE IN THE WORLD

T. P. Taylor, Prominent Louisville Druggist, Makes Interesting Statement

T. P. TAYLOR

"The greatest health insurance in the world is the simplest," he said. "I never could quite understand why people are so negligent in the use of the simplest of all preventives of illness. It's all a matter of keeping the bowels open. The man who carries a little box of Rexall Orderlies has got a good health policy in his pocket. I believe they are the best laxative ever prepared, and their pleasant taste appeals to men, women and children alike."

We have the exclusive selling rights for this great laxative. Trial size, 10 cents.

### ROGERS-HACKETT.

Miss Oral Hackett, of Fulton, and Cowgill Rogers, one of the best known men of this city, were quietly married Dec. 27, at the home of the bride, the couple leaving immediately for St. Louis, where they will be at home at the Majestic Hotel. The bride is the daughter of Mr. and Mrs. James W. Hackett and prominent young lady of Fulton. The groom is the younger son of Mr. and Mrs. J. W. Rogers of this city, one of the best known families of this county, and is well known to Hickman people. He was born and reared here, having accepted a year ago a traveling position out of St. Louis, where they will make their home.

The Courier joins the friends of the couple in wishing them all the good things of life.

### To Drive Out Malaria

And Build Up The System  
Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

J. P. Welch, treasurer of the Rock City Trans. Co., of Monterey Tenn., is here looking after their gasoline boat Caney Fork, which is in the corn trade. This boat is 32 ft. p. and they have three 20x40 barges here too. 1800 bags of corn are brought on each trip. Mr. Welch intimates that the boat might remain here indefinitely for the purpose of engaging in a general local towing business.

The sleet and snow first of last week took some of the joy out of the Christmas holidays for the telephone and electric light employees. Many poles and wires were down and service was crippled for a few days. The Home Co. had seven miles of poles down on one line eight miles in length.

David Franklin Lee, treasurer of Mississippi county, one of the county's most respected citizens, died Friday, Dec. 17, at his home in Charleston. His wife has been appointed to fill out Mr. Lee's unexpired term.

A Mayfield bank mailed out \$12,000 in the way of Christmas checks just ahead of the holidays. Next year the same thing is expected to happen here.

Miss Nell Morris, daughter of W. W. Morris, of Fulton, and Lon Bradford, of Tribbey, Okla., were united in marriage at the home of the bride Friday.

### EVER SALIVATED BY CALOMEL! HORRIBLE!

Calomel Is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not slobber.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe. Ad.

You never can tell. Maybe the Liberal Guy who tosses the Waiter a Dollar for a Tip is the same lad who hollers murder when his wife asks him for two-bits when he leaves the house in the morning.

Nature is a queer cuss. Take twins, a boy and a girl and let them grow. And the girl twin will begin growing a crop of Dimples while the boy twin will begin growing a crop of Pimples.

### Courier's Home Circle

Good manners are a part of morals; and it is as much your duty as your interest to practice both.

...

Girls, don't marry to keep from being an old maid, or just to make a change to get away from home. Maiden ladies have a mission to fulfill as well as wives and mothers.

...

As a soul in heaven may look back on earth and smile at its past sorrows, so, even here, he may rise to a sphere where it may look down on the storm that once threatened to overwhelm it.

...

There is sweet music in every home where the heart strings are touched by gentleness and courtesy. The mild word, the gentle answer, the tender act, the patient consideration, will touch sweet melody in the family life as everywhere. A desolate, dreary place a home devoid of those little courtesies which are practiced in the best social life.

...

Child of sorrow, knowest thou not that beyond the clouds there is always a light, and that all night long the stars are in the sky? The bright green heart of spring may be, is beneath the deepest snow. Look up, the sweet tomorrow may cause a forgetting of the disappointments of today. The sun follows rain and the seas ebb away to rise again. Remember that only the highest mountains rise above the clouds and that around the heaviest cross is hung the prize—the brightest crown.

...

In laying your 1916 plans for improvement of the household of culinary departments, study, comforts, study to save steps, to save time, to save money and to save that which is of vastly more importance, is easy to lose, yet hard to find when once it is lost: viz: health, perfect, robust health. It is something worth striving for and though never appreciated as it should be until it goes past all hope of return, it is worth studying. It is the convenience of life that saves it, the inconveniences of life that cause its loss.

...

The average man is too busy and gets very careless in regard to his duty to his family. Why not turn over a new leaf for 1916? It seems to us if he loved his family as much as himself it would not be so hard to remember what he owes them. What wife is there that knows what neglect means but would rather by far have plainer clothes, plainer food, plainer furniture and more love from her husband, love that means kindness at all times, remembering that the sweetest moments of a woman's life is when a husband is kind and thoughtful for her comfort? A man that loves his wife does not have to be reminded of little acts of kindness he can give so many times a day. If a man does not love his wife he ought to be as thoughtful and as courteous to her as her neighbor, anyway.

...

Selfish people are unhappy and make themselves uncomfortable. They take no comfort in seeing others happy and envy those who may be better off than themselves in any respect; they think unkindly of them and, if they can rob them of their pleasure. Discord and dissension are often the results of snap and snarl of selfishness. Upon the other hand, gladness may be diffused by a gentle word, a willing service gained by a kindly request and a soft answer turneth away wrath. There is no sense in scolding. It is more than a weakness or folly; it is a sin, doing much evil to the sinner and the scolded. It is the opening of the draught to internal and external fires that ought to be quenched. It scorches and inflames other hearts and minds that should be kept from evil. Scolding never does good. Affability toward others cultivates amiability in the actor. The courtesies practiced in social life are just as charming in the home circle. "Be courteous."

...

Home love is the best. The love that you are born to is the sweetest that you will have on earth. You, who are so anxious to escape from the home nest,

### TRIBUTE TO JUDGE FLATT.

Following the closing of his last term of court, the Mayfield bar drew up the following resolutions relative Judge Flatt's retirement:

"Whereas, Judge R. B. Flatt was appointed by the Governor to fill out the unexpired term of the late Judge R. J. Bugg, of the First Judicial district; and, whereas, the service of Judge R. B. Flatt will end at the close of the present term of this court;

Be it resolved, To show our appreciation, that we have noticed with pleasure that said Judge has presided with dignity and ability, that he has shown absolute fairness in his rulings, has by his firmness maintained splendid order in court, that we have found him to be a man of the highest integrity and honor, holding up at all times the highest ideals and contributing for the enforcement of law without favor or partiality, and that he goes back into the practice of his profession with our very best wishes."

## Rheumatism!

How is rheumatism recognized? Some have said—

Rheumatism is a dull pain.  
Rheumatism is a sharp pain.  
Rheumatism is sore muscles.  
Rheumatism is stiff joints.  
Rheumatism is a shifting pain.

All have declared—Rheumatism is Pain.
